Listening Excellence Attitude Respect Negotiate Enjoy Responsible Support

Dear Parents, Governors and Friends,
On their return to school, Year 3 and 4 pupils were treated to a lovely sight in the enclosed garden next to their classes, namely a stunning blossoming tree. It didn't take long for 3N to be out there to capture the stunning colours and shapes.
After the two week break we are ready to face the challenges of the long Summer Term. Staff continue to work hard to ensure high quality learning takes place that allows our pupils to make good progress. Please make sure that your children read every day at home and complete homework.

Morning arrangements for Years 3, 4 and 5

Please note that in order to have a good and prompt start to the school day we are changing ever so slightly the arrangements for coming into school in the mornings. This will affect years 3 to 5 only.
From Monday 18th from 8.40am 5L will now enter from the ramp leading to the end of the corridor where 6H come in. 5S will enter from their outside classroom door as year 6 do. This leaves the doors up the steps from the playground for Years 3 and 4 to enter from 8.45am.

Our Value for this month is Responsibility

This month, the children are exploring the **Value 'Responsibility'**. Your child spends 15% of their time at school – so it is important that they are responsible learners whilst at school. The responsible learner is proactive, and they will use critical thinking skills and questions to reflect on lessons. Our pupils can also use their LEARNERS Values to take responsibility for being an engaged, motivated and thinking 'learner'. Please discuss with your child how the Value of 'Responsibility' links to the **British Values i.e.**

Rule of Law, Individual Liberty, Tolerance, Mutual Respect and Democracy.

Year 5

Year 5 have been learning about gravity and forces through lots of investigations and experiments.

In one lesson, we all had a go at pushing a small, inflated balloon into a tank of water.

We could feel the push of the water. Mrs Redmore told us this is called the "upthrust."

We also watched some video clips of Tim Peake and what it is like to be in space with no gravity.

In another investigation, we tried to keep the bubbles in the air by blowing through a straw.

When we managed to do this, which do you think was the strongest force? Our breath or gravity?

Dear Parents, Carers and Children

As I won't be able to thank you all personally, I would just like to say thank you very much for all the lovely flowers, gifts, cards and messages of good luck you gave me on my last day as your 'lollipop lady'. I had a lovely day and I will remember all the friendships and memories for a long time.

Regards

Sheila Stacey
