Pancake Day

Tuesday 21st February was Pancake Day. Rainbow Class celebrated Pancake Day this week by making our own pancakes. The children followed a recipe to make the batter and everyone had the chance to toss a pancake. We put lemon juice and sugar on our pancakes before eating them. They were delicious! Nursery also made pancakes and many other classes enjoyed listening to the story of 'Mr Wolf's Pancakes', a funny story about a wolf who needed help to do some cooking.

Our Trip to the Science Museum

Last Friday, classes 3K, 3S and 3B went on a trip to the Science Museum. We went on two tubes and a train. When we got off the tube, we had a long walk to the museum. We entered the Science Museum and saw a huge ring spinning with blue lights. Then we went inside a space room and saw huge rockets. There were little models too. Then we had lunch. Afterwards we went to the Launchpad and saw lots of cool gadgets. We went to the theatre and learned about forces and then we went back to school.

Marie Curie Pots of Care

Thank you for your donations before half term. We raised a fantastic £500 for the Marie Curie Cancer charity. We hope you enjoyed your daffodils!

Attendance

In KS, the class with the best attendance for last week was 1C. They will keep the 'attendance' cup for a week, and had 5 minutes extra play. In KS2, there was a tie between 5G and 4A; they also had 5 minutes extra play.
