Listening Excellence Attitude Respect Negotiate Enjoy Responsible Support

Rights... and responsibilities

This month we have looking at the values of freedom and individual liberty. We are all fortunate to enjoy the freedom of having our own opinions, to practise a religion, to feel safe and having the right to learn. However, with all of our rights come responsibilities so that others can enjoy their freedom.

At school, we have two yellow books, which record detentions and escorted lunches. Children may receive a sanction for hurting another child, disrupting learning or saying unkind words. Nearly all of the misdemeanours recorded in these books are cases where children have tried to take the freedoms away from others.

We want a school where every child and adult feels safe, free to learn and play without disruption and feels comfortable in sharing their opinions without fear of criticism. If everyone were to follow our learners' values there would be no need for the yellow books and collectively we would all 'learn together and grow together' whilst feeling safe, secure and valued.

Maths Challenge Time with Miss Richie and Mrs. Neocleous!

We are currently introducing bar modelling across the school. Please ask your child if they can help you solve these problems using a bar model. You can find a hint in the newsletter. Look for it if you need help using bar modelling to solve this problem.

1 Use a bar model to find the missing number.

$$46 + \square = 90$$

Use a bar model to find the missing number.

$$\square + 43 = 61$$

2 A book costs £5

A magazine costs £2

Henry buys 4 books and 7 magazines
How much did Henry spend in total?

What would the total cost be if Henry buys 6 books and 4 magazines?

Taken from Barvember – White Rose Maths

Our Value for this month is **Freedom and Individual Liberty**. These pupils modelled the value this week:
Sel 1T, Iqra 1K, Elijah 1Ti, Raahil 2T, Blessing 2A, Bejna 2Th, Sena 3F, Samir 3S, Abdirahman 3Fe, Nikola 4F, Angelina 4R, Shane 4M, Marwa 5T, Aaron 5G, Ela 5W,

Attendance this week

1K 91.92%	2A 97.96%	3F 96.21%	4F 97.86%	5G 96.79%	6B 98.33%
1T 94.64%	2T 95.86%	3Fe 98.52%	4M 94.44%	5T 97.50%	6H 94.84%
1Ti 89.58%	2Th 95.36%	3S 96.33%	4R 96.67%	5W 93.08%	6T 94.00%

Well done to **3Fe** & **6B** for best attendance this week.
Overall attendance since September: **96.23%**

Remember to come to school every day and on time.

95% is the minimum expectation.
90% and below is not acceptable (unless there is an identified medical issue).
90% means missing half a day per week or 20 days of missed learning!

It is still PUMPKIN season

And, it appears that the last word on pumpkins hasn't been said yet!

Mr Dunstone-Patterson's pumpkins continue to impact on our school; from being rather visible in the Harvest assembly, to a guess-my weight-or circumference competition and now a treat for the children and staff.

Logan's family was unable to take the largest pumpkin home so Cem, school chef, took this large specimen to task.

First she cut the large fruit (yes, see more about that on this page) in half. As you can see in the photos the fleshy pulp is rather thick and juicy looking and it smelled sweet. Perhaps a result of being fed with sugary water?

Cem cut away the fibrous strands with its seeds (we have kept some to grow new ones) and also removed the skin to create lots of slices; just like melons.

These were then all shredded.

She had prepared a base mix for sauces and the shredded pumpkin was mixed in. This base sauce can be used for a variety of foods such as curries, pasta Bolognese, lasagne and tomato sauces.

As you can see from the end result, they also made great cupcakes. The grated pumpkin is also a super ingredient for a sweet pumpkin and raisin pie.

How did they all taste?

Yummy!!

Botanists classify a fruit as the part of the plant that develops from a flower and contains seeds; the other parts are considered vegetables (ie stems, leaves, roots).

Pumpkins are members of the gourd family, which includes cucumbers, honeydew lemons, cantaloupe, and zucchini. Gourds are native to Central America and Mexico, and can now be found on six continents.

The enormous pumpkin

Cem, our chef became very creative in the kitchen this week when she was presented with the enormous pumpkin.

Here are some pictures of the children enjoying pumpkin muffins.
