

Unfamiliar Settings

These are places we DON'T see
everyday.

•I can tell you what you can see in a picture.

•I can tell you what you could hear from a picture.

•I can tell you what you could smell from a picture.

•I can use noun phrases

The background of the image is a vast field of galaxies, likely from a deep space survey. The galaxies are densely packed and exhibit a wide variety of colors, including bright yellows, oranges, reds, blues, and purples. Some galaxies appear as distinct, bright points of light, while others are more diffuse or elongated. The overall effect is a rich, multi-colored tapestry of cosmic structures.

LO: To describe
an unfamiliar
setting.

Today we are going to
use our pictures of
the moon in the night
sky to describe the
moon.

•I can tell you what you can see in a picture.

•I can tell you what you could hear from a picture.

•I can tell you what you could smell from a picture.
