

Tuesday 31.3.20 - Maths

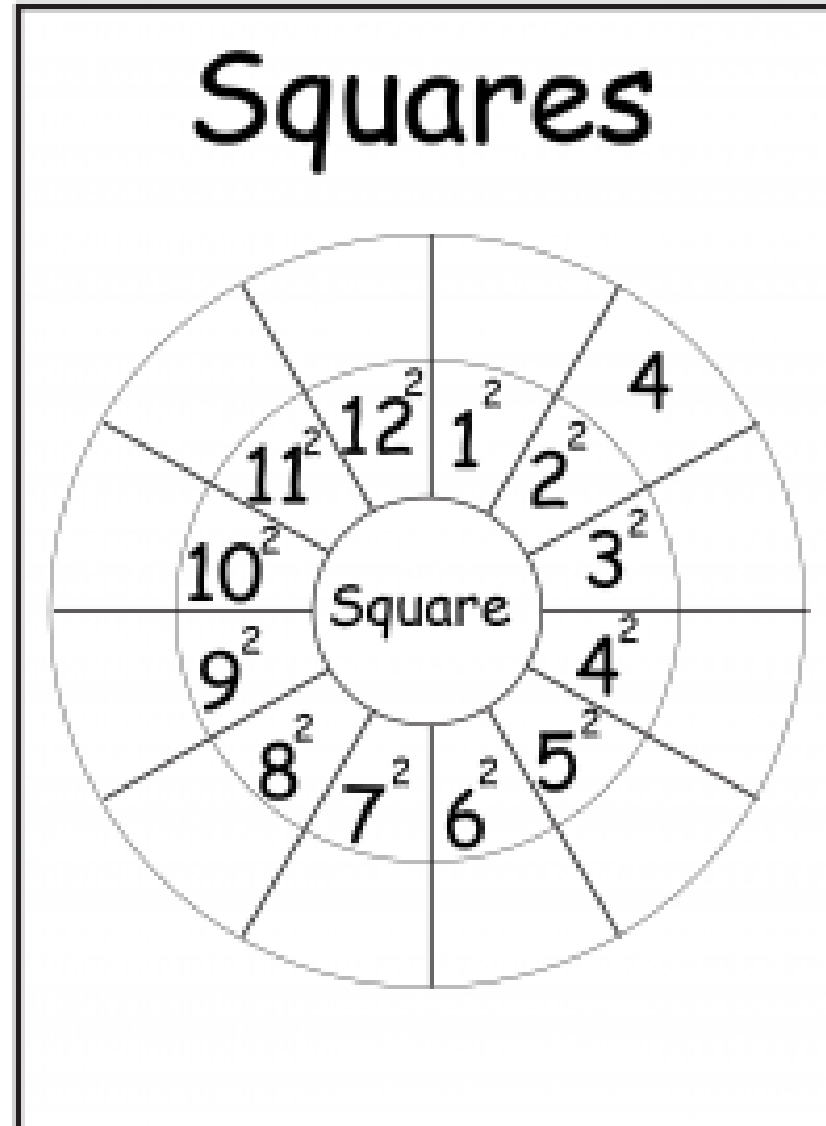

Starter.

A square number is when you times a number by itself.

Eg. $1 \times 1 = 1$

$4 \times 4 = 16$

Draw and complete the diagram in your book

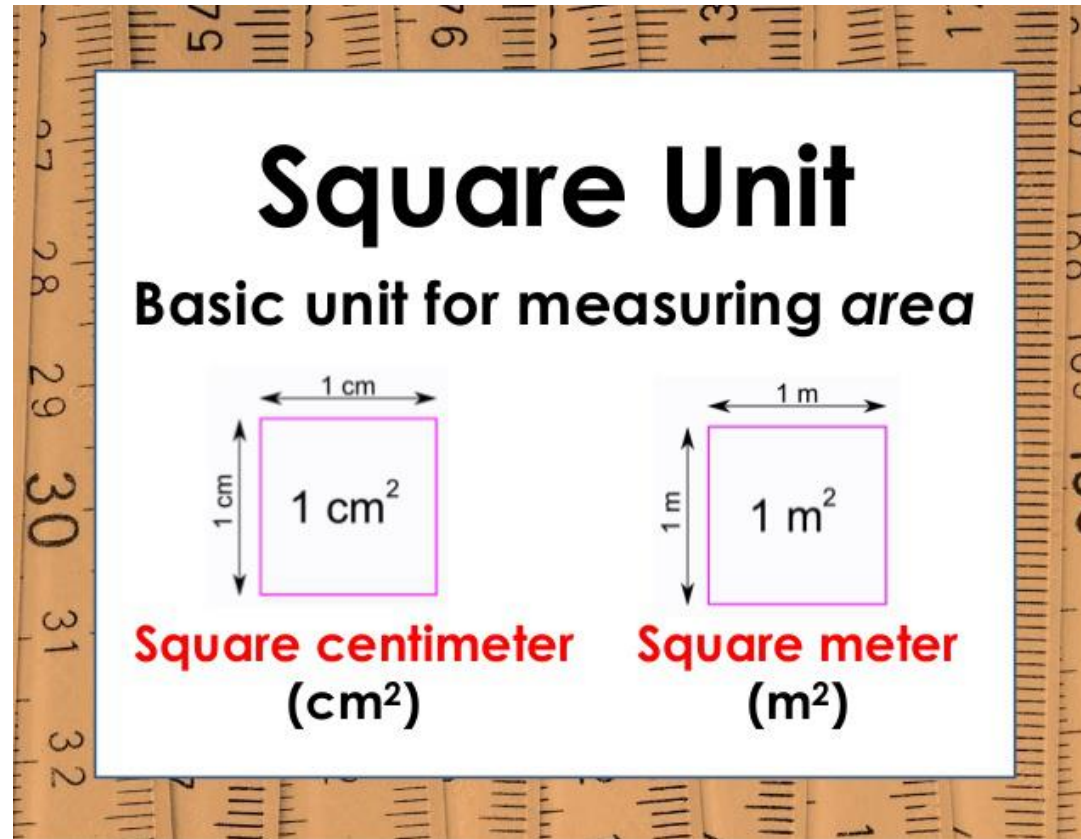

Tuesday 31.3.20 – Maths

LO I can measure and calculate the area of rectangles.

Main

The area is the length x width of a shape.

<https://www.bbc.com/education/clips/zs26sbk>

LO I can measure and calculate the area of rectangles.

Activity

Find 5 different rectangles in your house. Measure the width and the length. Times them to find the area. Remember the answer is a square number so put a small 2 after your answer.

Object	length	width	area
Phone	12cm	6cm	72cm ²
Wallet	10cm	9cm	90cm ²
