

Year Group: 6

Date: Friday 3rd April

| Subject | Lesson focus/objective (I can....) | Activity and/or instructions |
|---|--|--|
| Reading | I can reflect on what I have learned this week in DGR. | Find answers for the last 2 day's reading questions below. Once you have marked them, write down 3 things you have learned in DGR this week. Think about any questions you struggled with or mistakes you made and what you have learned from them. |
| Mathematics (including times tables) | I can write and order large numbers in real life context. | Find the answers to yesterday's maths work below. For today's work, find the football transfers sheet below . You should write out all the numbers in digits. You should then write all the numbers in ascending order. Challenge – What is the difference between the highest and lowest amount? |
| Writing | I can record information and compare two modern explorers. | Quickly skim read the two articles from this week and if you want to watch the video clips again . In your books write down the headings: food, music, equipment, time to complete, problems faced. Now under each of those headings record information about O'Brady and Rudd . Look at the example below of just one of the headings. If you want to, you could turn your notes into a short paragraph. |
| Other | P4C – | Find the P4C questions to discuss sheets below . Discuss these with your families. Choose your favourite one or two questions and write down answers to send to your teachers. |

English Writing Example

FOOD

O'Brady ate protein packs and had some nutrition bars made up specially for him . He took 280 of them , each bar supplied him with more than 1,100 calories which made up for almost half his daily diet.

Rudd had a much more low-key approach with his grazing bag that kept him going through the long days of skiing . It was a tropical mix that he bought from Asda , he also had Cadbury's Dairy Milk bars and some cheese and salami that he bought on the way to Antarctica when he was in Chile .

P4C – Questions to discuss

What make the strongest reasons: facts, feelings or beliefs?

Do video games play their players?

Could you have a sport where everyone was on the same side?

If a jury has 12 members, how many should it take to find someone guilty?

If you could make one new law, what would it be?

Can anything be true and false at the same time?
