

# I can add decimal numbers.

23.4.2020

Today we are going to learn how to add decimal numbers. Some of you might feel comfortable adding numbers within 1 (**Lesson 1**) and others might need to challenge themselves by crossing the whole (**Lesson 4**). It might be best to start from the first lesson and if that's too easy, move to Lesson 4.

You will need to use the following link to access your lesson tutorial and worksheet.

Answers

Once you have opened the link to White Rose Maths, you are ready to start your lesson.

Watch the tutorial (on the left hand side) as many times as you need.

Then, hit **Get the Activity** button and your worksheet will appear on your screen.

Record the work in your books and send your photo as usual.

You can also **Get the Answers** and mark your own work.

Good luck and have fun!

## Lesson 4 - Adding decimals - crossing the whole

0.85 + 0.27 =

Ones	Tenths	Hundredths
	0.8	0.05
	0.2	0.07
