

Measuring challenges – length

Choose 3 (or more!) of these tasks to do. Draw or write about what you did and your findings.

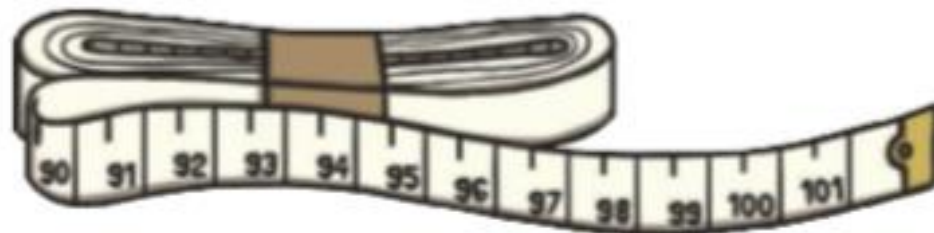

Measuring Length

Can you find 5 objects (e.g. toy cars) and order them according to size?

Measuring Length

Measure how tall you are and mark your height with masking tape on the floor. Place objects side by side next to your height. Can you find a combination of objects that measures the same length as your height?

Measuring Length

How many steps does it take you to reach the door?
How about to the doorway of another room?

Measuring Length

How long is a £5 note?
Are all notes the same size?

Measuring Length

How far does the toy car travel if you roll it down a slope? Which one goes the furthest?

Measuring Length

What is the longest pencil line you can draw on a piece of paper?

Now make up your own measuring challenge for me to try!
