

Thursday 23<sup>rd</sup> April – Maths

Today we are going to work on angles (not angels!)

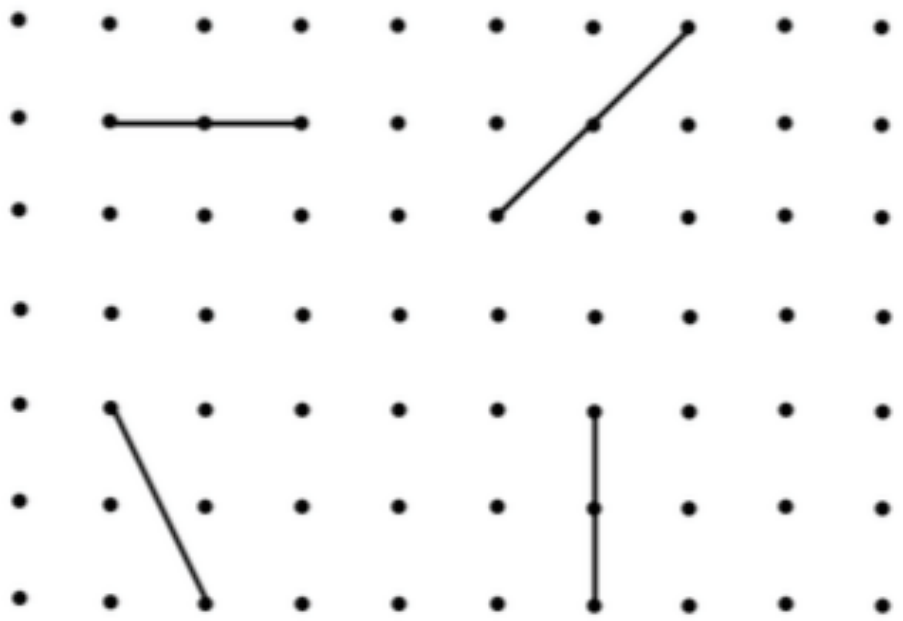

Remember you only need to write the answers.

An Angel

1.

Draw a line along the dots to make a right-angle with each of these lines:

If you have a printer, you can print the sheet out, but if not draw right angles in your book. Remember to use a ruler!

2. How many right angles can you see in this image?

Can you create your own image with the same number of right angles?

If you have a printer, you can print the sheet out, but if not its quite simple to draw the house in your book.  
Remember to use a ruler.

3.

The letter 'X' has four angles.

Write your name in capital letters.

How many angles can you see in each letter?

How many angles are there in your full name?
