

YEAR 3 ASSEMBLY FAMILY AND COMMUNITY

This lioness was separated from her loved ones.
Look at what happens when they are reunited.

<https://www.youtube.com/watch?v=u6AHver1LhU>

How does she feel now she is reunited with the pride?

Care

Love

Security

Is there anything else she might feel?

In your family do you feel the same?

In our Prince of Wales family, do you feel the same?

In the community you live in do you feel the same?

Although we are part of families we are not all the same.

Do families always like the same foods?

Do they always have the same interests?

Do families always agree?

Do they always understand each other?

Often in our day to day lives we can experience family pressures.

Family pressures

I need some help with my homework but Mum is always too busy.

Me and my brother keep arguing.

I'm not getting much sleep with a small baby and I'm so tired all the time.

My boss told me today that I'm going to lose my job.

What strategies can we use to help us cope?

Strategies

Pressure

Parents' work

Arguments

Time

Change (new baby)

Strategy

Talk to someone about how the pressure is making you feel

Tell someone you trust and ask for help to communicate better

Write a note stating you need to speak to them

Ask for help: family member, neighbour, friend, doctor?

Growing closer helps family pressures.
How do you grow closer as a family?

Eat Together

Play Games

Family Movies

Share Interests

One of the positive effects of the Covid 19 outbreak is our sense of treating each other as we would treat our families at home and our friends.

We are working together and taking care of each other.

We are also making each other feel safe and secure as we all stay at home to defeat the virus.

No matter which of our families we're with remember to love, care, look after each other, help each other and strive to understand each other.

Listen to the song Somewhere Over The Rainbow.
