

Descriptive writing of a setting

-

I can write descriptive words and phrases about The Secret Garden .

Go back to the web page and watch the short video clip called The Secret Garden .

While you watch the video clip jot down some **adjectives and adverbs** that you could use in your description .

Watch the clip again, this time while you watch make notes on :

Movement

Colours

Atmosphere

Sounds

Smells

Don't worry about sentence structures yet, just gather information, it can be words or phrases .

Remember the task is not to describe the girl or what she is wearing . But what she sees, hears, feels, maybe **smells** in her setting .
