Challenging ourselves by trying to play harder (syncopated) rhythms

Try to clap this rhythm pattern

Count it by saying “1 and 2 and 3 and 4 and”

Syncopation is the changing of the emphasis in rhythm so the normally ‘weaker’ beats become the stronger beats.

Strong Beats 1,2,3 and 4

1	&	2	&	3	&	4	&
X			X			X

Can you make up some harder or syncopated rhythms of your own?

Write them in the grid

1	and	2	and	3	and	4	and

1	and	2	and	3	and	4	and
---	-----	---	-----	---	-----	---	-----
