

# Tuesday 5<sup>th</sup> May – Maths

This week we are working on time.

Have another look at the powerpoint from Mondays work to remind yourself of how we tell the time. Remember we count up in 5s when we go round the clock face.

Click on this link for a funny video on time:

<https://www.bbc.co.uk/bitesize/topics/zkh82hv/articles/zcmdwxs>

You can either draw the clocks in your book (remember to use a ruler for the hands of the clock), or print out the sheets and stick in your book.
