

0-9 Spinner

Print or draw this spinner.

You will need a pencil and a paper clip.

Place the paper clip so one end is in the middle, hold it in place with a pencil and then flick the paper clip.

(see here https://youtu.be/d4g1FV_bhTo?t=95)

Alternatively, here is an interactive dice or spinner, change the settings to 0-9. <https://nrich.maths.org/6717>
