

Year Group: 6

Date: Monday 15th June

Subject	Lesson focus/objective (I can....)	Activity and/or instructions
Reading	I can find definitions for tricky vocabulary to help understand a new text.	For today's DGR please click the link on the website labelled DGR – Monday The Jungle Book and follow the instructions. Here is the video link you will need https://www.youtube.com/watch?v=5mkm22yO-bs Word of the week – boast
Mathematics (including times tables)	I can find the average of a group of numbers.	To help us continue with our project this week, today we are going to work on finding the average of a group of data. Before you start please watch the following video: https://staugustinesprimary.org/year6/2015/02/06/mean-median-mode-and-range/ There is also a flipchart on the website labelled 'Help for finding averages' . Please look there if you need extra support. Once you have watched the video and looked through the flip chart, please answer the questions below . Answers will be on the website for you to mark your work tomorrow.
English	I can fill in a senses grid about the feelings evoked by the illustration.	Follow the website labelled English Monday Fill in Senses Grid . Work your way through the flipchart. There is also an attachment on the webpage of The Journey Part 1 that you will be asked to read.
ICT	I can research facts and information about refugees including ways to support.	This week for ICT, you will carry out research on the topic of refugees. You will then create a booklet on Microsoft publisher, presenting the information you have found. If you are unable to use publisher at home, you can always create a paper based leaflet. For today's ICT – please click the link on the website labelled ICT – lesson one .

Reading:

Please read daily and complete your reading record. You can access Accelerated Reader clicking here and putting in your user name and password:

<https://ukhosted2.renlearn.co.uk/1894742/>

You may find that some of your books at home are also on AcceleratedReader, so re-read them and give the quiz a go.

Monday maths - Averages

- 1) Kaya made a list of his homework marks.

3 2 3 4 1 4 5 5 2 4

- a) Write down the mode of Kaya's marks.
b) Work out his mean homework mark.

- 2) Lydia rolled an 8-sided dice ten times.

Here are her scores.

5 1 2 5 3 8 6 6 3 2

- a) Work out Lydia's median score.
b) Work out the mean of her scores.
c) Work out the range of her scores.

- 3) 20 students scored goals for the school football team.

The table gives information about the number of goals they scored.

Goals scored	Number of students	
1	8	
2	3	
3	6	
4	3	

- a) Write down the modal number of goals scored.
b) Work out the range of the number of goals scored.
c) Work out the mean number of goals scored.
-

- 4) Laura spun a 4-sided spinner 100 times.

The sides of the spinner are labelled 1, 2, 3 and 4.

Her results are shown in the table.

Score	Frequency
1	24
2	30
3	21
4	25

Work out the mean score.
