

Day 3 – Moon landing retrieval.

Day 3 – Moon landing retrieval.

On July 20, 1969, American astronauts Neil Armstrong (1930-2012) and Edwin “Buzz” Aldrin (1930-) became the first humans ever to land on the moon. About six-and-a-half hours later, Armstrong became the first person to walk on the moon. As he took his first step, Armstrong famously said, "That's one small step for man, one giant leap for mankind." The Apollo 11 mission occurred eight years after President John F Kennedy (1917-1963) announced a national goal of landing a man on the moon by the end of the 1960s. Apollo 17, the final manned moon mission, took place in 1972.

Day 3 – Practice retrieval.

1. What was the date of the first moon landing?
2. What were the astronauts names?
3. How long after landing did Armstrong walk on the moon?
4. What did Neil Armstrong famously say?
5. What was the name of the mission?

Day 3 – Practice retrieval answers.

1. What was the date of the first moon landing?

July 20th 1969

2. What were the astronauts names?

Neil Armstrong and Buzz Aldrin

3. How long after landing did Armstrong walk on the moon? 6 ½ hours

4. What did Neil Armstrong famously say? "That's one small step for man, one giant leap for mankind."

5. What was the name of the mission?

Apollo 11
