

Friday 19th June 2020
I can take a wildlife photo.

Starter. Take a look at some of the winning entries from young photographer of the year. <https://www.nhm.ac.uk/visit/wpy/competition/young-competition.html>

A reminder that Mr Halley took some wildlife photos.

Now your turn. Take a wildlife photo and in 2 sentences explain why it's a winning entry.

I like this photo because it takes an inviting look into a secret forest. It is framed by 2 large trees on the left and the right which leads your eye into the centre.
