

Kimiko Yoshida was born in Tokyo, Japan in 1963. Feeling oppressed as a woman, she left Japan in 1995 and moved to France to

While still very young, Kimiko Yoshida was struck by the story of her own mother, who met her husband for the first time on

Yoshida's Bachelor Brides form an ensemble of quasi-monochromatic self-portraits, fragments of an intimate web, elaborating on a singular story: the feminine

Task:

Task 1: Create a fact file on Kimiko Yoshida.

Task 2: Choose an image created by Kimiko Yoshida. Annotate the art work with ideas about the colour, texture/material and themes.
