

I can predict what could happen to  
each character in the story

Quickly scan through the text again if you need to.

What could happen next ?

# What could happen next?

In a fantasy story, would it make sense for the main characters to die in the next scene? Why?

Would it make sense to include a spaceship to come down ? Why ?

Would it make sense at this stage for the dragon to kill and eat the children? Why?

Write down 2 things that could happen now to each of these characters :

Jack , Thorgil , the dragon , the dragonets
