

Poetry Writing

I can turn my notes in a variation of sentence structures for my poem.

Get out your 10 stripes of paper from yesterday with words and phrases on them .

Use a different coloured pen to up level your sentences

- First look at your nouns – can you add a verb next to a noun?
- Can you now add an adverb as well ?
- Can you add adjectives ?

- Example : **luggage**
- **Held luggage**
- **Held luggage tightly**
- **Held my precious luggage tightly**

Now add to your sentence to link it all up , if you need to .

I held on to my precious luggage tightly

Try and do the same with at least another noun.

- Can you now include repetition ?

Example :

- Moving , moving , moving .
- Reorder your stripes to sentences to make the poem more effective .
- Finally , add a suitable title to your poem .

Steps to Success :

I can

- include nouns with verbs and adverbs
- include appropriate adjectives
- add repetition
- re-order my sentences to make my poem effective
- add a suitable title
