

# The Phases of the Moon

**Science**

# Earth and beyond

I can describe the movement of the moon.

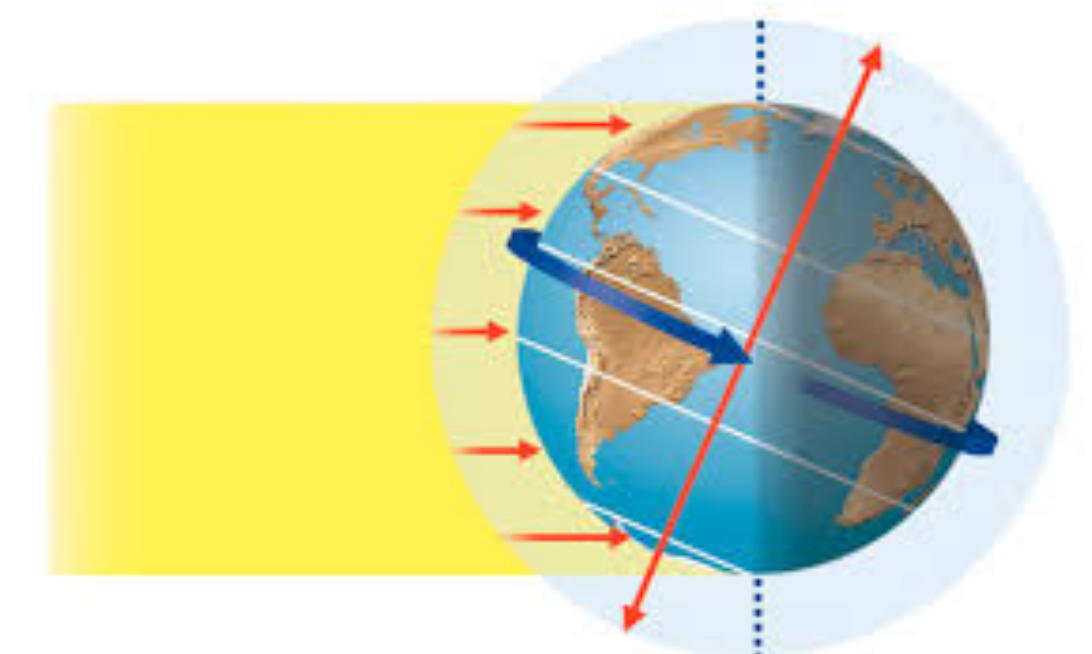

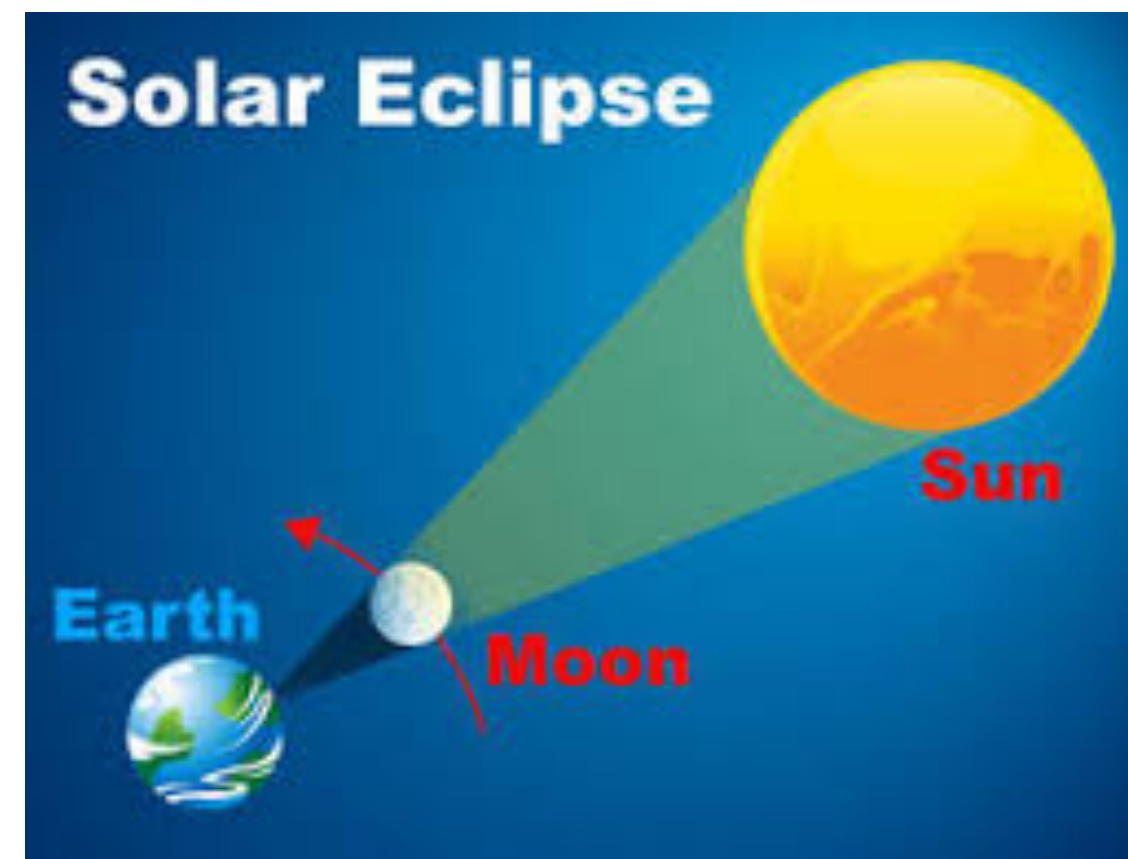

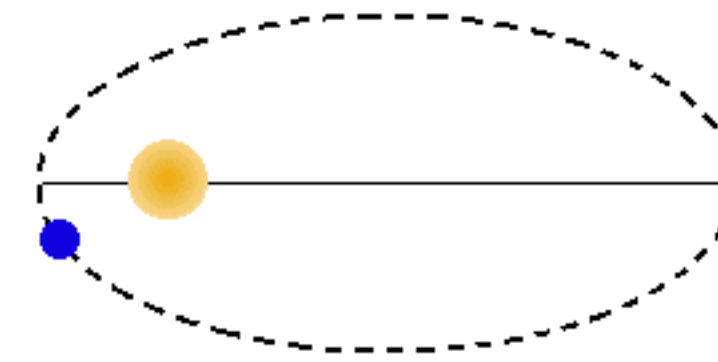

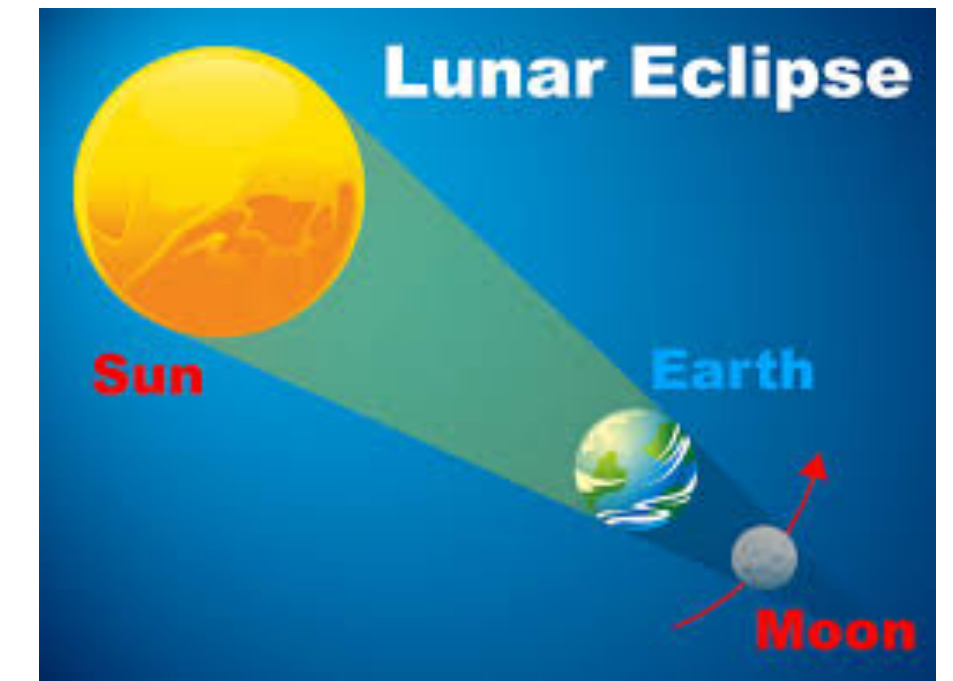

**Tuesday 9th June 2020**

# Technical vocabulary

Watch the video and explain the definition of the following key words. There are some pictures to help you.

<https://www.youtube.com/watch?v=93z3QC1pzCA>

- hemisphere
- rotate
- orbit
- axis
- lunar eclipse
- solar eclipse

# Task - to create a diagram of the phases of the moon.

After watching the video you have learnt some interesting facts about the Moon, it's motion around the Earth.

Use your knowledge to complete this diagram. Draw it in your books and don't forget to label the different phases of the moon.

Go back and watch the video whenever you need to.

We can't wait to look at your work 😊
