Task 1

Recap on what you did yesterday. Practise using the tens frame and objects to add two single digits which bridge ten.

How can I turn the 7 into 10?

$7 + 6 = 10 + 3$

I can take 3 greens from the 6! Then I have easier numbers to work with!

Each time you work through this method you need to think this to yourself:

1. Which number is biggest?
2. How many more do I need to make 10?
3. How many are left to add?

Task 2

Use the Part Part Whole model we explored last week to show what you are doing.

$8 + 7 =$

$10 + 5 = 15$

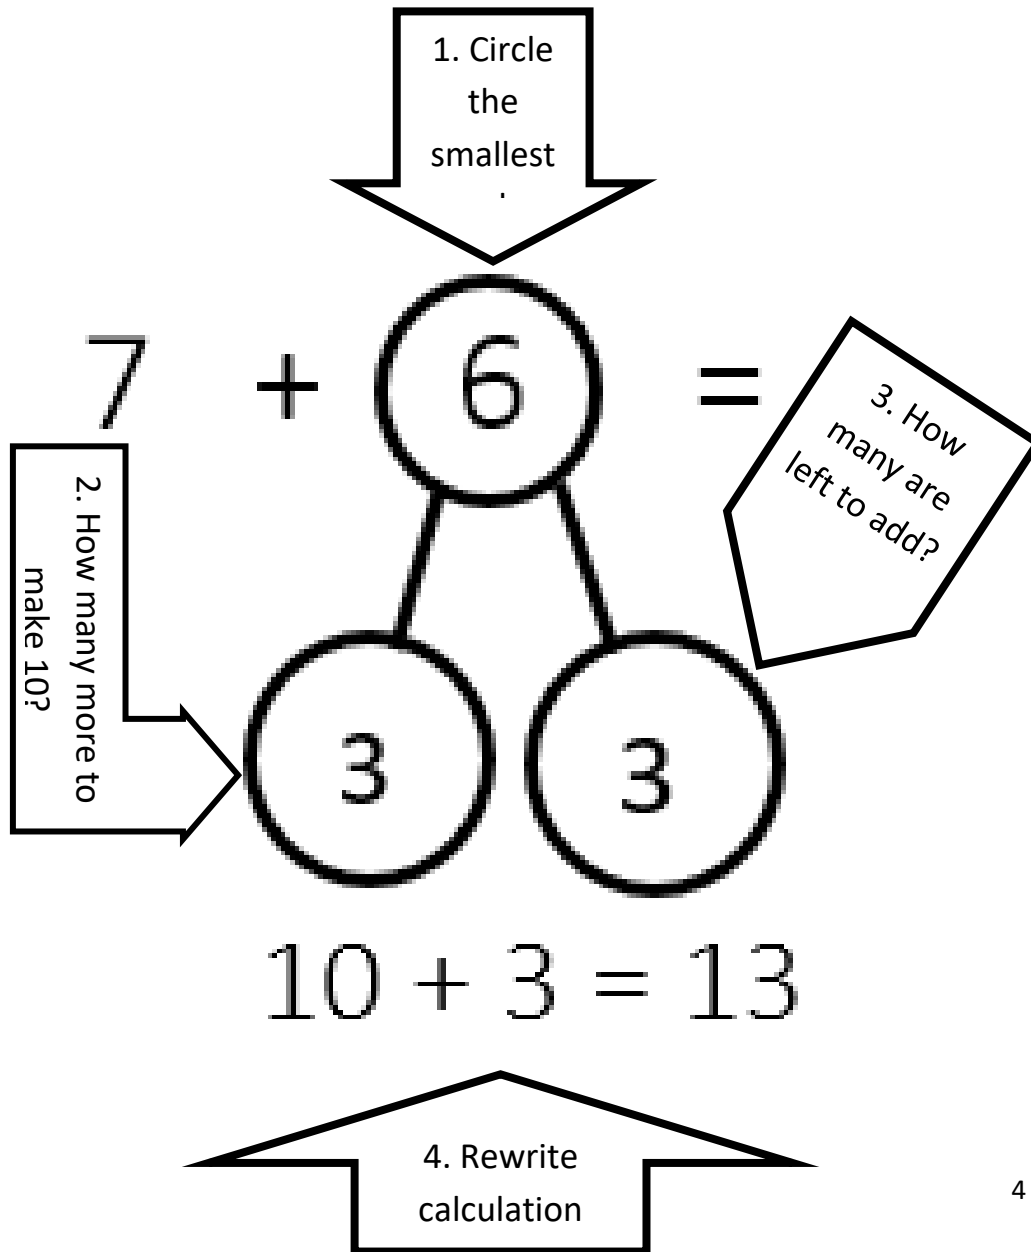

1. Circle the smallest number in the sum.
2. Look at how many more you need to add to the biggest number to make 10.
3. Partition the smallest number to show how many you will use to make 10 and how many are left.

$7 + 6 =$

$10 + 3 = 13$

Year Group: 2

Date: Tuesday 23rd June 2020

Try the same with these calculations.

$7 + 4 =$

$7 + 5 =$

$7 + 6 =$

$7 + 7 =$

$8 + 4 =$

$8 + 5 =$

$8 + 6 =$

$8 + 7 =$

$8 + 8 =$

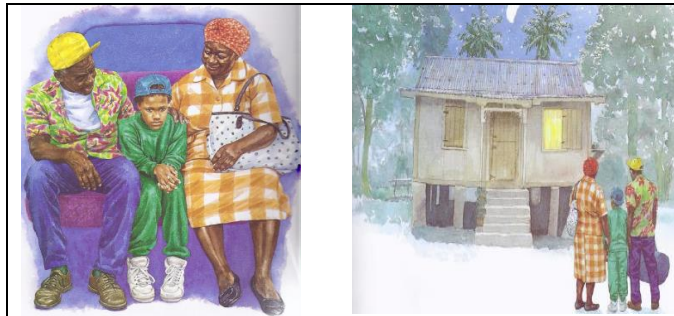

$8 + 9 =$

$9 + 2 =$

$9 + 3 =$

Look at the fact file about Usain Bolt below:

Name: Usain St Leo Bolt

Date of birth: 21st August 1986

Nationality: Jamaican

What is he famous for?

In short, Usain Bolt is known as the fastest man on the planet. An eight-time Olympic gold medallist, Bolt is the only sprinter to win Olympic 100 m and 200 m titles at three consecutive Olympics (2008, 2012 and 2016). He also won two 4 × 100 relay gold medals. He gained worldwide fame for his double sprint victory in world record times at the 2008 Beijing Olympics, which made him the first person to hold both records since automatic timing began.

His celebration, known as the 'Lightning Bolt' has been copied by people all over the world.
