I can record ideas

Before you can start to persuade somebody you have to know both sides of an argument. If you know both sides of an argument you know how to make your side of the argument more persuasive.

Is money the most important thing?

Discuss with an adult or partner.

To help understand the question you can make a table to record your ideas. You then fill in the table in.

For	Against

Now lets discuss another question:

You should always do what an adult tells you	
For	Against

Can you persuade somebody your opinion is right?
