

Tuesday

I can understand the terms recycling and upcycling.

Recycling

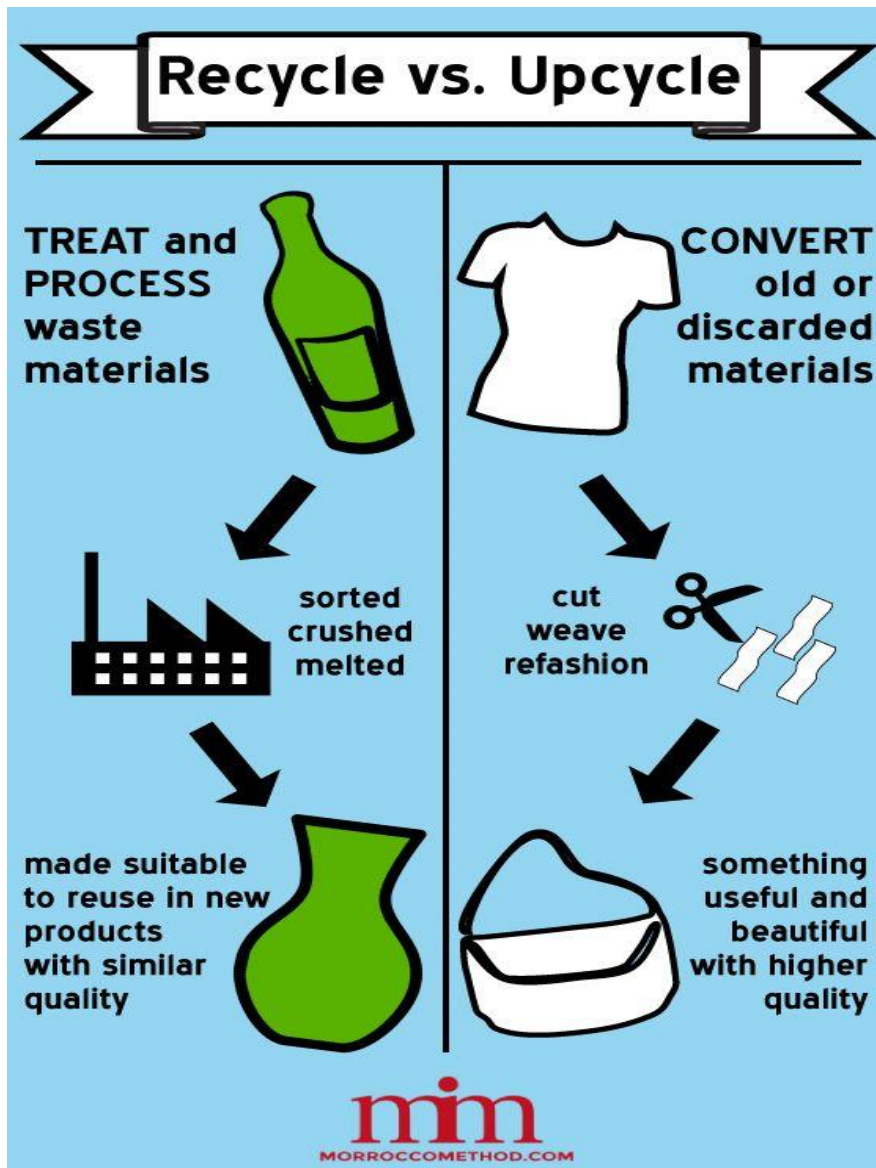

Downcycling

Upcycling

Upcycling vs recycling

Why is upcycling relevant today?

Upcycling examples

What's the most useful?

Upcycling for the local environment

Look up more examples online. What could you make?

Plan your upcycling project

Think about these areas:

- Project name
- Description
- Materials needed
- Tools needed
- Design dimensions and diagrams
- Make it
- Evaluate

Wednesday
I can upcycle. Practical lesson.

Use your plan from yesterday to make your upcycled nature project.
