

I can edit and up level my my ending to the story from one of the character's point of view.

Today you are going to edit and up level your work and **include a short piece of dialogue** .

Look at my example on the following slides and then edit you work using the Steps or Success.

**Screeching**, the dragonlets were all around me. **Frustrated** and hungry they were trying to smell where we were. **Next to** them was their blood thirsty mother, **however** her **great, golden** eyes were now completely closed , this was my only chance !

**Silently**, I tried to walk over to Jack but I soon realised this would not be possible **because** I had sprained my leg when the dragon threw us from the sky into this circle of stones. **Like a slimy snake** I dragged myself along the floor, that's when I remembered the bottle of **magical, vanishing** potion that Olaf had given me before he died.

**“Jack, grab the bottle from inside my pocket ” I whispered .**

**“ I can't - I am too scared ” he stuttered.**

But he realised he had to be brave now ...

# Example of the dragons point of view

I was very happy to see my children so interested when they saw their supper. Feeling delighted to start hunting them, they hissed like a venomous snake .

Suddenly I lost concentration and heard someone shouting above me. It was my worst enemy – the majestic eagle. Carefully looking at my enemy I saw my children losing concentration as well.

Hearing my babies cry out I saw my prisoners trying to escape. **“Go after them now!”** I demanded angrily. With the blink of an eye they ran as fast as the wind. I could only see my children starving. They wanted food. The two young travellers , who I had captured for my dragonlets to devour , were escaping but I had to stay and fight the eagle.

# I can write an ending to the story from one of the character's point of view.

## Steps to Success

### I can :

- Use vocabulary and expanded noun phrases from the fantasy genre.
- Use a range of past tense verbs .

Example:

He **was breathing** .

I remembered what Olaf **had taught** me.

- Use different sentences starters.

Example :

Screeching, the dragonlets.....

Frustrated and hungry they were.....

Silently, I tried to walk over to .....

- Include some dialogue.
