

Year Group: 6

Date: 10.07.2020

| Subject | Lesson focus/objective (I can....) | Activity and/or instructions |
|---------------------|--|--|
| Design & Technology | I can design, build and evaluate an eco-house. | Complete your eco-house, evaluate its score and send a photograph to your teacher. See lessons on previous days to see how to do this. |
| Debating | | Have a debate with a member of your family on one or more of the following questions: <ol style="list-style-type: none">1. All students should have daily chores.2. Every home should have a pet.3. Every student should play a musical instrument.4. Homework should be banned.5. School uniforms should be required.6. Year-round education is better for students.7. Children should not be allowed to drink soda.8. PE should be required of all students throughout middle and high school.9. All students should be required to volunteer in the community. |
| | | Spend some time outside in your gardens and go on a bug hunt! Some of year 6 have done this in school and very much enjoyed it! Look at the sheet below, how many of these can you find in your garden? |
| PE | | Try some of the ideas below to keep active today! |

PE

9. Freeze dance: When the music stops, freeze in your pose and hold it until the music begins again.

10. Scavenger hunt: Write up clues and hide them around the apartment. Kids can race to find each clue for a small prize at the end.

11. Jumping jacks: Simple but good for coordination and they get your heart going. When my kids can't sleep, I have them do 25 to tire out.

12. Parachute: This kiddie gym standby can be re-created at home with sheets. Each kid takes an end of the parachute or sheet and fans it upward while one of you runs underneath.

13. Bubble wrap attack: If you get bubble wrap in the mail, jump on it until it's all popped.

14. Clean-up race: Set a timer or put on a song to see who can right the room the fastest.
