

Monday 13<sup>th</sup> July

I can double 2 digit numbers.

Practise doubling numbers to 20

<https://www.topmarks.co.uk/maths-games/hit-the-button>

How can you double 37?

Have go at your own strategies. You can use manipulatives to help you.

On the next page there is a method that will help.

Write the number  
at the top

37

Partition it

30

7

Double it

60

14

Recombine it

74

Try these...

23

42

21

16

47

29

38

25

72
