TRANSITION

I can share my thoughts, opinions
and feelings.

Transitions can be hard for some children because they might find it hard to fit into their class with a new teacher.

Thoughts, Opinions and Feelings

You will have lots of thoughts, opinions and feelings about your new class and teacher.

Also, your teacher would like to know lots of things about you:

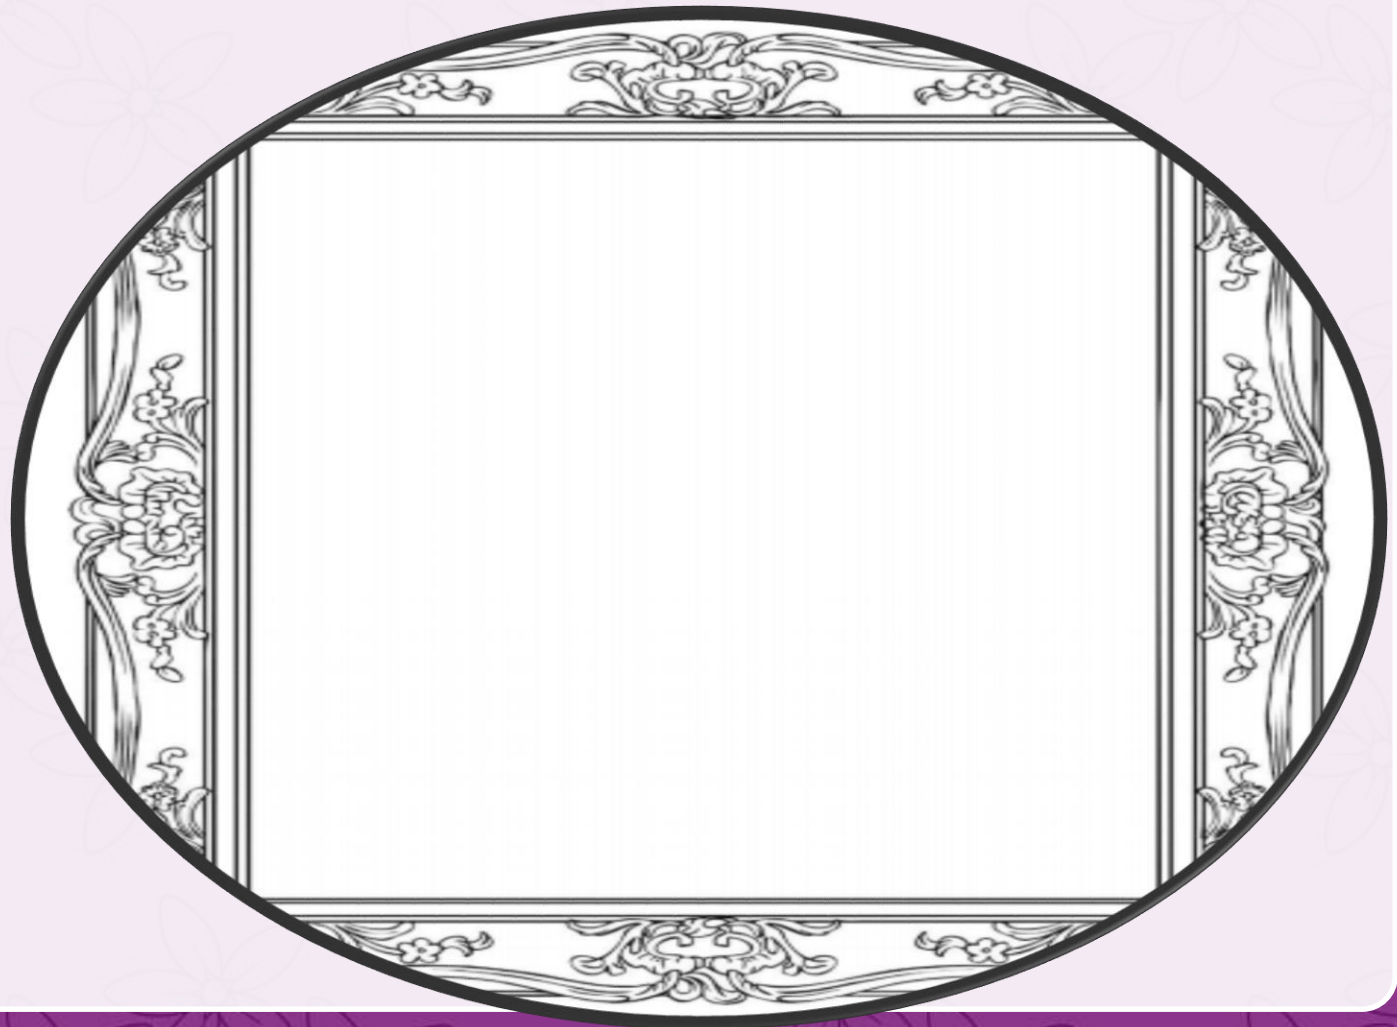

Share these on the next pages to your new teacher.

Let's start with you!

Task 1

Draw a
self-
portrait of
yourself

Task 2:

Write 3 'facts' about yourself but one has to be made up.

Do you think your teacher will be smart enough to guess which one is wrong?

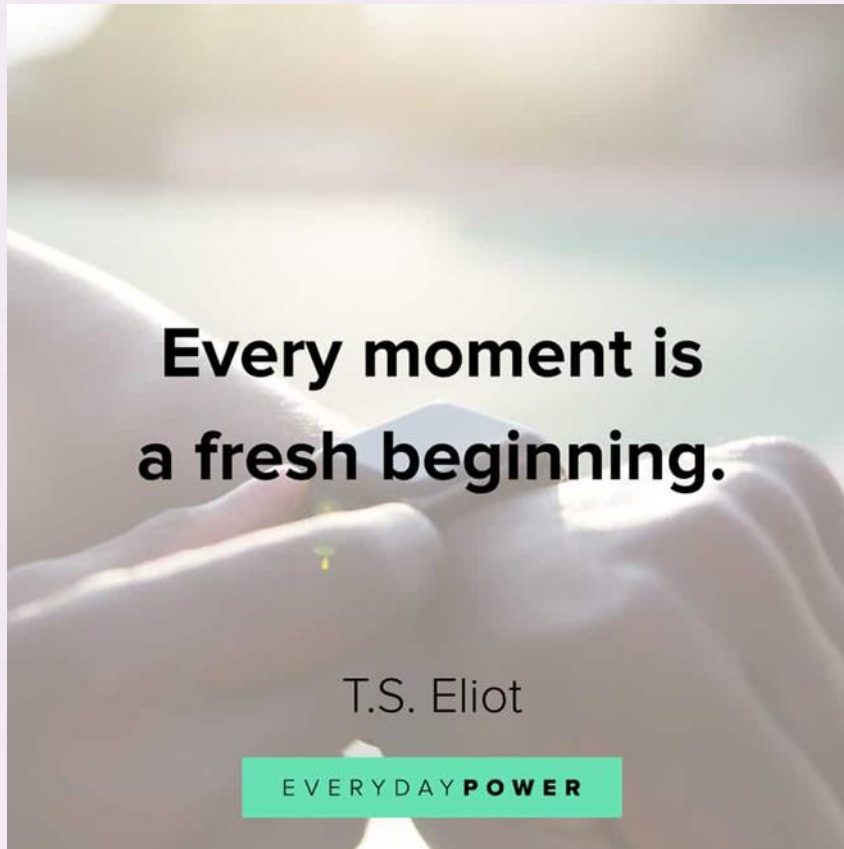

Task 3:

Write a short letter to your teacher about yourself and some of your thoughts and feelings about your new class.

A writing template for a letter, featuring a decorative scalloped border, horizontal lines for text, and a small apple illustration in the bottom right corner.
