

Words ! Words ! Words

Vocabulary Day across the school
to celebrate Shakespeare's Birthday.

April 2021

Year 1 found old words and phrases in the PEEPO story. These could have been around in Shakespearean times.

Year 2 looked at new verbs that they could use in their writing. For example, different ways of walking: stomp and trudge. Each child shared their word with another child, so everyone learnt two new verbs.

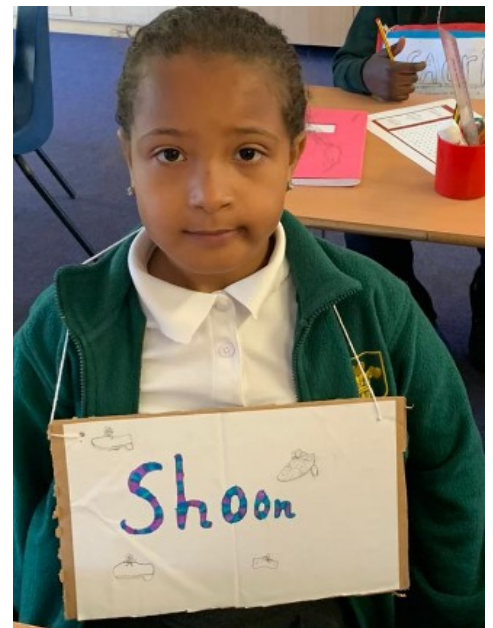

Year 3 selected vocabulary from the story 'The Village that Vanished', they found out the meaning using dictionaries. Words included: ancestors, precious, surrounded, silhouette, brave, trembled.

Year 4 read various versions of Shakespeare's plays.

Each child chose a word, found out the meaning and then shared it with the rest of the class.

Year 5 selected vocabulary from the Ice Bear story and explored the meaning and root words.

Year 6 enjoyed finding their quotes from Shakespeare's plays and then they fathomed out exactly what the words meant. Many of these sayings we still hear today.
