Listening Excellence Attitude Respect Negotiate Enjoy Responsible Support

Dear Parents/Carers, Governors and Friends,

Hello,

My name is Uche and I am one of the parent governors here at Prince of Wales. I volunteered to become a parent governor because I wanted to make a positive impact on my child's education and school life. I work part time and so with meetings being held just about twice in a term I knew I could easily commit to the role. I also personally find fulfilment in supporting my community and this was a perfect opportunity to do so.

As a Parent governor, you get to contribute to strategic discussions about what happens in your child's school with the rest of the governing board; you get to hold the school's leaders accountable by monitoring the school's performance; and you get to offer to the board a parental opinion of various matters arising. Also, If you have any relevant skill or experience, this will be an additional contribution to the success of our school.

If you would like to become a parent governor but have some questions or need some clarity, Bhumika and I (in the photo) will be waiting by the hut in the playground on Tuesday, 8th of February after school between 3.30 to 4pm and would love to speak with you. No qualifications are needed, just enthusiasm, commitment and an interest in your child's education.

Uche Oguejiofor – Parent Governor

Number Day at PoW

Children and adults embraced Number Day today as you can see on pages 8 and 9.

Changing Seasons at our school

Miss Homer, Head Gardener, has been taking photos of our school grounds to record the passing of seasons. Turn to the final two pages to enjoy some of these. Next week we will treat you to a video presentation with musical accompaniment by our children.

Mr Bless enjoys hearing the daily music sessions that take place in our fantastic, well-resourced music room.

This year, Mrs Redmore is teaching all classes and providing valuable professional development for teachers at the same time.

As it was Chinese New Year this week, she took the opportunity to focus on pentatonic music. Here 3H are seen trying out their self-composed pieces.

Dear Parent/Carers,

During the Summer term, as part of the Personal, Social and Health Education (PSHE) programme, the children in Years 1 to 6 will be learning about 'Health and Wellbeing'.

The focus will be on aspects of Health Education, Growing and Change alongside Relationships and Sex Education (RSE). The lessons are designed to be appropriate for each age group and will follow the Department for Education (DfE) guidance for RSE.

PSHE Health and Wellbeing Topics

Year 1	Growing and Caring for Ourselves
Year 2	Differences
Year 3	Valuing Difference and Keeping Safe
Year 4	Growing Up
Years 5 and 6	Puberty

If you would like any more information about these topics, please see your child's class teacher.

Yours sincerely,

Mrs Stylli

NSPCC
Number Day
4th February 2022

The National Society for Prevention of Cruelty to Children (NSPCC) holds their Number Day each year where schools all over the UK are invited to fundraise through maths. The NSPCC is a charity which works to ensure that every child and young person has a happy and safe childhood. One of their most important services is their Childline, which any child or young person can call for help or advice.

1. Can you use the clues to work out what NSPCC's Childline number is?

- There are eight digits in the phone number
- The sum of the last four digits is 4
- The product of the first and second digit is 0
- The sum of the first and second digit is a composite number between 6 and 9
- The third and fourth digits are the same as the first digit
- The difference between the first and fifth digit is 1
- Each of the last four digits has a value that is greater than 0

2. Once you have worked out the Childline number, can you write your own clues for each of the digits?

Introducing CHALLENGE YOU 8 WEEK PROGRAMME

FOR 5-11 YEAR OLDS

Challenge You is an 8 week programme designed to help children and their parents understand more about the factors that contribute to an unhealthy lifestyle and how to overcome these issues. Sessions are **FREE** and take place at both Southbury and Edmonton Leisure Centres.

What will we learn?

- The reasons why children might become overweight or obese
- How small changes to diet and portion control can make a significant impact
- Suggestions for healthier alternatives to common favourite snacks and meals
- Guidance on suggested activity levels for children aged 5-11 years old
- Ways to incorporate fun physical activities into your child's day
- How to manage screen time and encourage more sleep
