

This year we have worked towards achieving our reaccreditation for the International School Award.

We have collaborated with Mehmet Seref Eginlioglu School in Turkey, L'Ecole Hermitage in France and the Driemaster in Netherlands.

These are some of the activities:

A day in the school life – a comparison between the UK and Turkey

Our partnership has started with a letter exchange.

Pupils from Year 2 have written letters introducing themselves to our partner school. They were keen to share facts about themselves and their school day.

Developing literacy skills through our Erasmus KA2 project

As part of our Erasmus KA2 project, during the Easter holidays, we visited our Erasmus partner school – The Driemaster in The Hague. There we discussed our project on increasing pupils' vocabulary, reading, outdoor learning, Parent Cafés, behaviour strategies and much more. We exchanged books for each other's school libraries and also some work that children had made.

Beauty and the Beast around the world

All pupils have taken part in a whole school writing project based around the classic fairy tale, *Beauty and the Beast*. They have been exposed to a range of different versions of the story, including versions from around the world.

Board games around the world

We have introduced board games across the school. All pupils have been involved in playing a range of board games every Friday afternoon.

Considering that a good board game can be a window into another culture, our pupils have had the chance to play unfamiliar games, from different parts of the world and thus immerse in a different culture each term.

Harvest Festival around the World

At Prince of Wales, celebrating Harvest festival is a tradition and a fun occasion full of songs and moments of thanks.

The theme was **Harvest around the World** with a focus on *gratitude* for the foods that people are grateful for.

Being one of the first major events celebrated in our school calendar it is important to be prepared. We had singing assemblies across the school where pupils have learnt six different harvest themed songs.

Cultural Evening Celebrations

For the last five years, we have been celebrating Cultural Day at Prince of Wales.

It is one of our annual traditions that everyone looks forward to. Considering we have a wide range of cultures represented by our pupils, parents and members of staff we wanted to have a day to celebrate the diversity that exists within our school community.

This year, our Cultural Day has been celebrated on the 31st of March 2022.
