

Dear Parents/Carers, Governors and Friends,

Coronation King Charles III

To celebrate the Coronation, next Friday 5<sup>th</sup> May will be a non-uniform day; children are invited to wear red, white and blue. A tea party to celebrate the coronation is planned for Tuesday 11<sup>th</sup> July that also coincides with the Alice in Wonderland theatre performance at our school on the previous day.

Strike Action

The next day of strike action will take place on Tuesday 2<sup>nd</sup> May. An email with classes scheduled to open has been sent out.

World Immunisation Week

This week is world immunisation week and the theme is 'The Big Catch Up'. The NHS have teamed with the British Society of Immunologists to produce an animation describing what to do to make sure your children are all fully up to date and protected.

See <https://youtu.be/hjTQN2b-fuo> or [immunology.org/how-vaccines-work-nhse](https://immunology.org/how-vaccines-work-nhse)

100% attendance

Congratulations to all the children that managed to come to school for 100 consecutive sessions or 50 days. They are invited to come to school wearing their favourite clothes on Friday 19<sup>th</sup> May. The next 100% attendance day is Monday 17<sup>th</sup> July. Anticipating that it will be hot weather, all eligible children will be happy to receive an ice pole.

How to deal with failure

We remind our children that making mistakes and failure are opportunities to learn from and grow. Here a basketball player offers a bit of perspective to a reporter who recently asked [Giannis if this season was a failure after playoffs elimination](#).

Enjoy this bank holiday weekend.

## Working with an artist

Today, Year 2 worked with the artist Daniel Wallis to explore colour mixing. We learned how to add little amounts of paint to create darker and lighter shades. We will use these skills and new learning when painting on blinds.

Daniel has been supporting teachers at our school for nearly two years through regular high-quality training in teaching painting.

This summer term we are embarking on the next exciting whole school painting project, inspired by the artist [Nicole Pietrantonio](#) and the theme of climate and environment. All children will be applying their knowledge and skills by painting on blinds that resemble the long narrow canvasses that Nicole uses.

The two year art project Making a Mark was possible thanks to the Enfield Town Schools Partnership and the Paul Hamlyn Foundation.

## Polio and MMR Vaccinations for Children Aged 1 to 11 in London

Polio is a serious infection that's now very rare because of the vaccination programme. It's only found in a few countries and the chance of getting it in the UK is extremely low.

### Polio in the UK

There have been no confirmed cases of paralysis due to polio caught in the UK since 1984.

Although some poliovirus has been found in sewage from London recently, the risk of getting it remains extremely low.

The chance of getting ill from polio is higher if you are not fully vaccinated, so it's important to make sure you, and your child, are up to date with your vaccines.

Washing your hands with soap and water or using hand sanitiser regularly throughout the day also helps you avoid catching and spreading viruses.

### Polio vaccination

The best way to prevent polio is to make sure you and your child are up to date with your vaccinations.

The polio vaccine is part of the [NHS routine childhood vaccination schedule](#).

The polio vaccine is given to children at:

- 8, 12 and 16 weeks old as part of the [6-in-1 vaccine](#)
- 3 years, 4 months old as part of the [4-in-1 \(DTaP/IPV\) pre-school booster](#)
- 14 years old as part of the [3-in-1 \(Td/IPV\) teenage booster](#)

You need all 5 of these vaccinations to be fully vaccinated against polio.

You can contact your GP surgery to check if you, or your child, are up to date with your polio vaccinations. For children and babies, you can also check their personal child health record (red book).

If you are not up to date, book an appointment with your GP surgery to get vaccinated free on the NHS.

Information:

You can have a polio vaccination at any point if you've never had one before, even if you're not travelling to a country with a risk of getting polio. You should also get vaccinated even if you've had polio before as it protects against different types of polio.

- Ask at the school office if you require support in completing any forms if you have difficulties.
- Visit [nhs.uk/polio](https://nhs.uk/polio) for more information about polio vaccination.
- Check your child's health record (red book) to see if they are up to date on all their routine immunisations.
- Information about polio, MMR and other routine vaccinations is available online if you search 'NHS child vaccines' or visit [nhs.uk/child-vaccines](https://nhs.uk/child-vaccines)

Parents can also contact their GP if you have any questions or if you prefer their child to have their catch-up vaccinations at their GP practice.
