Calculate the perimeter of the shapes (show working out in

The perimeter is the total measurement of all of the sides of a 2D shape.

To work out the distance around the edge of a shape you must add together the length of each of the sides.

Shapes not drawn to scale

SPaG

1. Which verb is created when these suffixes are added to the noun? Write the correct verb for each example.

identity + -ify

advert + -ise

assassin + -ate
